

# Acids and Bases

1. What are some characteristics of acids?

---

---

2. What are some characteristics of bases?

---

---

3. List some acids:

---

---

4. List some bases:

---

---

5. What is the ph of a strong acid? \_\_\_\_\_

6. What color does a strong acid turn when tested for its ph level?

---

7. What is the ph of a strong base? \_\_\_\_\_

8. What color does a strong base turn when tested for its ph level?

---

9. An abundance of what atom is present in an acid? \_\_\_\_\_

10. An abundance of what molecule is present in a base? \_\_\_\_\_
