

This modern history music timeline is part of the Easy Peasy All in One Homeschool curriculum.

The pieces can be used on the decade timeline pages that are part of the history year 4 curriculum.

You could also use this just for the images. You can just cut off the fronts of each piece and use them as images on your timeline. You can have your child just talk about the different people as you look through your timeline.

In the curriculum there are links to their biographies and their music. All of the photographs are from Wikipedia.

This can be shared but is not to be used for your commercial benefit.

The curriculum can be found at
