

THE FORCE FIELD OF SAFETY FOR LISA AND AVERY

There was once a little girl named Avery. She also had another friend named Lisa. They were really good friends. The thing they loved doing together was ice skating, talking, like most girls, and loved going on walks, seeing nature. But one time they were going on their walk they ran into something very weird.

"It's like very clean glass," Lisa said. Avery was investigating the sidewalk to see if there was any kind of button to clear this mess all up.

"This is very weird," Avery said. Lisa agreed with Avery.

"Maybe we should just go home, Avery," Lisa complained.

"No," said Avery very fast.

But all of the sudden a voice said, "It is called a force field."

"What?" Avery shouted.

"Magic is not real," Lisa said. The next day Avery and Lisa were at the rink. The whole reason why they could skate very well was because they lived in Minnesota.

"Can't you believe what we saw yesterday," Avery said.

"Yea, that was crazy," Lisa said. They were thinking like crazy that night. It could not happen. They were so bent out of shape. They agreed to go back the next morning.

They went back the next morning as they had planned. They went back to the place where they saw the force field, well not saw but had been the other day. But this time the force field was farther than it was the last time. They knew the whole story now because the voice had told them. And this is the story that the voice said:

"It was once both you and Lisa."

"My name is Avery," she told the voice.

"Ok, Avery. You both are adopted you see."

"What? Now this is called a dream," Avery and Lisa said together.

"You were born by the same mother, so she protected you by putting a force field before she left you here. But the only thing I know for sure is that she is still alive."

Right at that moment a tall woman appeared.

"Mom," Avery and Lisa said.

"I thought you were not here still," said their mom. "Love you so much!" Their mom said.

“Love you too!” Said Avery and Lisa at the same time. They lived happily ever after forever.
