

End-of-the-Year Science Project Checklist

Zoology Level M

Research

- Facts
- Sources

Project

- 3D
- Neat
- Teaches all about your topic, shows off all you learned
- Self-explanatory (someone could look at it and understand what it's all about without you explaining it to them)
- Bibliography displayed with project (This is your list of sources, where you got your information.)

Experiment

- Demonstrates your topic
- Written up with all parts of the experiment worksheet
- Or, written in paragraph form including hypothesis, procedure, data and conclusion.

Demonstration

- Clearly state what your project is about
- Tell about what they will learn from your project
- Explain how the experiment relates to your topic
- State your conclusion
- Ask if anyone has questions
