There are two ways to do this one book depending on the ages of your children or what you want them to do.

The first mini book (pages 2 and 3) has information already on them regarding historic battles. Simply cut, put in order from shortest to longest, staple on left side and glue to your page.

The two second mini book has just the pictures and your child can write their own text. (pages 4 and 5)

Some good links for research on this or to review are listed below and it is where I based my information off of.
