

Who was King George III of Britian?

Who were the Colonist?

What was significant about the Royal Proclamation of 1763?

Cut out and write some facts under the tab or use some of our facts on the next page.

He was the British king during the American Revolution.

He was a true hero to all those in Great Britain. To all those people in the colonies, he was not a hero, but an evil tyrant.

The Loyalists in the Revolutionary War loved him.

For decades the colonist had been happy to be the children of England. But now that they had arrived in a new and wild land, they soon grew independent. The colonist were candle makers, farmers and tailors, just ordinary people.

Since each colony was being governed independently they were not united.

In 1763, a royal decree was issued that prohibited the colonists from establishing or maintaining settlements west of an imaginary line running down the crest of the Appalachian Mountains.

Great Britain undertook this new colonial policy intending to tighten political control over the colonies
