### Daily Progress Chart

#### **Materials:**

- Basic Supplies List
- vocabulary notebook — I suggest getting a composition/spiral notebook, or having a section in your binder just for vocabulary with blank paper ready to go

#### **Day 1\*(\*)**

Welcome to your first day of school! I wanted to give you one important reminder before you begin. Many of your lessons below have an internet link for you to click on. When you go to the different internet pages for your lessons, please DO NOT click on anything else on that page except what the directions tell you to. DO NOT click on any advertisements or games. DO NOT click on anything that takes you to a different website. Just stay focused on your lesson and then close that window and you should be right back here for the next lesson. Okay?

\*Following Directions — I write a lot of directions on here. Read them carefully and follow ALL of them. If you don't understand, ask for help.

An important reminder as you are beginning the year...If you click on a link and the link is not working please do not just skip it or find something similar to use, let your parent know so that we can get this fixed right away for you and for other users.

#### Math

#### Foreign Language / Spanish 1

1. If you are interested in Spanish, you will be using Spanish 1 on the high school site. If you aren't interested in Spanish, use the foreign language link as usual to study.
2. The Spanish course moves quickly in the beginning because other students have already had two years of introductory Spanish. If you haven't, take the time to learn the vocabulary! If you would like, you can start with the introductory Spanish courses by using the Spanish link in the course list on the right.

Vocabulary

1. Listen to the first three minutes. (Don't cut it off mid-word.) Practice taking notes. Label it as Unit 1. Write down each word and its definition in your vocabulary notebook. You don't have to write it word for word. Write down what you need to so that you understand what it means.
2. Now go to this page and fix your spellings if need be.
3. If there is something you don't think you got right, you can click on the individual word on the "fix your spellings" page.

#### Reading

1. Read the introduction and chapter 1 of *Grammar Land*.

#### Writing\*

1. \*Print out this whole *Grammar Land* download and keep the pages in your binder. Today follow the directions for chapter 1. Try to list specific nouns, eg. beagle instead of dog. (answer help: A noun is a person, place or thing (girl, library, cup). A proper noun is the name of a person, place or thing (Rosa Parks, Mississippi, Great Wall of China). A specific noun is something like lemonade instead of drink, or convertible instead of car.)

#### Grammar\*

1. \*Print out this grading sheet to keep track of all the little grades from quizzes and assignments. (Grades-print more as necessary) You will be adding other grades as well for reading and writing. I will tell you when and how to add grades each time. This is a high school class, so it can be counted on a transcript. And **transcripts require grades**. (Here is the Grade sheet in Excel if you want to type your grades and have it add for you.)
2. Read page 2 on subjects and predicates and watch the presentation.
3. Read about subjects and verbs from the Grammar Book.
4. Take the quiz. Pay attention to the grade you get on the quiz and record your grade on the grades sheet. Writing 10/11 would mean you got 10 right out of 11 questions.
5. Play the subject and predicate review game.

#### Day 2

#### Math

#### Foreign Language / Spanish 1

1. You'll have to find the appropriate day on Spanish 1.

#### Vocabulary

1. Listen to the second three minutes. (You'll have to let it load a little before it will let you jump ahead.) Practice taking notes. Write down each word and its definition in your vocabulary notebook. You don't have to write it word for word. Write down what you need to so that you understand what it means.
2. Now go to this page and fix your spellings if need be.

#### Reading

1. Read chapter 2.

#### Writing

1. Do the worksheet(s) for chapter 2. (answer help: Examples are a bike, the boat, an apple.)

#### Grammar

1. Read about clauses. Watch the presentation.
2. Play the game.
3. Read more about the types of sentences.
  
4. Take the quiz.
  
5. Check your answers.
6. There are more links off to the right on page 3 if you ever feel like you need more explanation.

#### Computer

1. Internet Safety Reminders: Do not download anything onto your computer without permission. Do not click on any advertising on a website even if it looks like a game to play. Don't give out your name, address, phone number, email address, photo, etc. online without permission.
2. Do you remember these words: browser, desktop, window, crash, loading, refresh, download, upload, virus, cookies, cache? If not, ask someone.

#### **Day 4**

##### Math

[Foreign Language](#) / [Spanish 1](#)

##### Vocabulary/Spelling

1. Play [hangman](#).
2. Study for your vocabulary quiz tomorrow. Make sure you know your words. How to study? Read them out loud, copy the ones you are unsure of, have someone quiz you, use words in conversation that you aren't comfortable with yet, [more tips](#) (not all apply)

##### Reading

1. Read [chapters 4 and 5](#).

##### Writing

1. Do the worksheet(s) for chapters 4 and 5. ([Answer Sheet](#))
2. Note: Chapter 5: Maiden should be maidenly. Also, only before child (first line) should be an adjective.

##### Grammar

1. Read [page 5 on phrases](#) and watch the presentations. (There's a link to a presentation at the bottom of the page.)
2. Do the preposition quiz by clicking on the "preposition practice" link at the bottom of the side bar.

#### **Day 5**

##### Math

[Foreign Language](#) / [Spanish 1](#)

##### Vocabulary

1. You can study from your notebook before you take the quiz, but you MUST put it away before you take the quiz. Cheaters get ZERO points for their quiz.
2. Take the quiz.
3. Record your score. (It tells you at the top of the box how many there were and how many you got right.) Write the “type” as quizV1.

#### Reading

1. Read chapter 6.

#### Writing

1. Do the worksheet(s) for chapter 6. (Answer Sheet)

#### Grammar

1. Read page 6 on gerunds, participles and infinitives and watch the presentations. Remember, there are links on the right if you need to read more about any of these.
2. Practice with a quiz.
3. Record your quiz grade.

#### Day 6\*

#### Math

Foreign Language / Spanish 1

#### Vocabulary

1. Listen to the first three minutes. Label this section as Unit 2. Write down each word and its definition in your vocabulary notebook.
2. Now go to this page and fix your spellings if need be. You are on unit 2.
3. Just a reminder: if there is a word you don't think you got the definition for, then you can click on it on the “fix your spellings” page.

#### Reading

1. Read chapter 7.

#### Writing

1. Do the worksheet(s) for chapter 7. (Answer Sheet)

#### Grammar\*

1. Write 4 sentences with a gerund phrase, 4 with an appositive phrase, and 4 with an infinitive phrase. Somehow label what's what. You can underline or circle or star or something and make a key showing what means what kind of phrase. Or type them and make each kind of phrase a different color.
  - o 12 points, one for each sentence if you followed the rules
2. \*Print out the gerund assignment. (Gerunds\_Assignment\_Handout)

3. Check your answers. ([Answers Gerunds Assignment Handout](#))
4. Record your assignment grade.

## Day 7

### Math

### Foreign Language / Spanish 1

#### Vocabulary

1. Listen to the second three minutes. Write down each word and its definition in your vocabulary notebook.
2. Now go to this page and fix your spellings if need be.

#### Reading

1. Read chapter 8.

#### Writing

1. Do the worksheet(s) for chapter 8. ([Answer Sheet](#))

#### Grammar

1. Complete the practice on page 8. There is an activity, a “Quiz Me” quiz and two links you need to click on and complete.
2. DO NOT record your grade for the practice quiz.
3. Record your “Quiz Me” quiz grade. (The little matching one. Out of 6 points)

#### Computer

1. Internet safe search — When you want to find something on the internet, you have to be careful how you look for it.
2. Here are some tips. Be as specific as possible in your search. Type as many words as you know that will help you find what you are looking for. That will help keep things you are not looking for from coming up.
3. Also, Google has the best “safe search.” It does the best job of keeping inappropriate images from coming up that you would regret seeing. Once you see it, it’s hard to get out of your head. Turn on Safe Search if you haven’t already. Most search engines have a safe search feature. Unless it’s a search engine designed for children, I suspect the safe search doesn’t work that well. I have tested several well known search engines such as Yahoo, Bing and Ask.com and none of their safe searches protected against bad images. Google is the only one I’ve found that works.

2. Record a writing grade, out of 20.
  - Does it have 9 to 12 sentences? (10 points)
  - Does it obviously follow the correct type of writing style? (5 points)
  - Does it use correct spelling and punctuation?(5 points)

#### Computer

1. Internet Safety — Again
2. Here are some tips for staying safe when you use the internet. Never sign up for anything online without permission. When a site asks for a **username**, you are not supposed to give your real name. Make up a pretend name for yourself.
3. Never tell anyone online your real name, address, phone number or email address unless your parents tell you it is okay. Even if it's a friend online, don't give them information about yourself unless you have permission.
4. Never agree to meet someone you met online unless your parents decided that your family will meet them altogether.
5. Don't become "friends" with people you don't know. If you do, they will have access to more information about you.
6. Always tell someone if you get weird or bad messages from someone.

#### Day 17

##### Math

[Foreign Language](#) / [Spanish 1](#)

##### Vocabulary/Spelling

1. Play [hangman](#).

#### Reading

1. Continue reading.

#### Writing

1. Think of an interesting story from your life. What was the setting, who were the characters, what was the situation, what was the climax, the resolution. You are not writing anything yet. You are just making notes.

#### Computer

1. Internet security — There are different tools that are used for security on the internet. One is passwords. A password is a secret word that you use to let the computer or website know that you are you. The best passwords have letters and numbers in them. I use a really good password for important websites (that you don’t use–like for my bank information) but I use a silly password for websites where it is not important, like to play a game. Use only one or two passwords or you’ll forget which password you used where! So many places ask for passwords now. Choose passwords that are at least 6 letters/numbers long. Sometimes 8 is required.
2. Another tool is software that protects your computer from viruses and adware. A computer virus is a command that sneaks into your computer and tells it to do something you don’t want it to do, like erase everything on your computer! Adware sneaks advertisers info onto your computer. You probably have anti-virus software on your computer. A free program is called Avast.

3. Your computer should block ads that are called “pop ups.” Sometimes you’ll see a note that says a “pop up” was prevented from opening. This was a website trying to force their advertisement on you. Sometimes worse. Most of the time you don’t want to see the pop up that was blocked, but sometimes you need that pop up for whatever you are doing. If you want to see the pop up that was blocked, go and ask a parent if it is okay.

## Day 18

### Math

[Foreign Language](#) / [Spanish 1](#)

### Vocabulary/Spelling

1. Do a wordsearch.

### Reading

1. Continue reading

### Writing

1. Read page 4 about making outlines. Look at the outline sample (side bar). You can’t watch the video. I want you to read more about making an outline. Here is another link.
2. Write a basic outline for your *personal* narrative, a story about yourself. You will need to finish your outline tomorrow. The more thorough your outline the easier it will be to write.
  - o I. Will be your introduction, what you want your narrative essay to be about
  - o II. III. and IV. Will be individual things you want to talk about
  - o V. Will be your conclusion
  - o Add an **A.** and **B.** under II. III. and IV. telling what you want to say about that

#### Day 20

##### Math

Foreign Language / Spanish 1

##### Vocabulary

1. Retake the quiz of your worst vocab score from unit 1, unit 2 or unit 3. This is why I had you label the quizzes V1, V2, V3 for vocabulary units 1, 2 and 3 so that you could find them easily. Can you please remember to label your future vocab quizzes in this way? It will save you a lot of trouble when I try and help you out with a retest!
2. If you got 100% on all of them, then no vocab for you today. Way to go!
3. If you scored higher this time, then you may change the grade on your grading sheet.

#### Reading

1. Continue reading

#### Writing

1. Start writing your personal narrative essay. Remember, it must be between 500 and 800 words. (Microsoft Word will count the words for you. One page is about 250 words with double-spaced lines, so you must write two to three typed pages, double spaced.)
2. You have until day 25 to write and edit it. Use this peer editing checklist to help you edit ([Peer Editing Checklist](#)).

#### Vocabulary/Spelling

1. Play hangman.
2. Study for your vocabulary quiz tomorrow. Make sure you know your words.

#### Reading

1. Continue reading.

#### Writing

1. Finish writing. Make sure you are done on time and have it edited and ready to grade. Keep these in mind: Peer Editing Checklist and grading rubric.
2. Read on page 4 about peer editing and revising your essay and watch the presentation.

#### Thinking

1. Choose a game from level 7+.

#### Day 25

#### Math

#### Foreign Language / Spanish 1

#### Vocabulary

1. Take the quiz.
2. Record your score.

#### Reading

1. Continue reading.

#### Writing

1. Complete your editing. Keep these in mind: Peer Editing Checklist and grading rubric.
2. Give your essay an honest grade based on the grading rubric. You will use the second page. There are numbers above each column. If that column describes your essay, then that is how many points you get for that row.
  - Add up all your points.
  - **Add ten points if you finished on time.** (If you are doing this a few days later, then you don't get those ten points. Don't get behind in your work!)
  - Total points 40
  - +1 extra credit point for any vocabulary word you used (from this year)
3. Go to the peer editing. If there is a personal narrative there, read it and offer feedback according to the directions. However, use the peer editing link I have listed above. Also, give the essay a grade based on the second page of the grade rubric. You only need to tell the person each individual number you chose for each attribute and why. That grade will be out of 30 points.
4. Now send your essay to me at my gmail address, allinonehomeschool . MAKE SURE to write your course and day number on the email, so I know where this essay belongs

and tell me what essay you left feedback for. Also, please take your name off of your essay and include an email address for someone to respond to. I will post your essay on the peer editing page. Hopefully you will receive feedback and a grade.

5. If you never receive feedback (be patient), then you'll have to ask someone that you know to do it for you. If you leave feedback for another student's essay, you are more likely to receive feedback in return.
6. If you choose not to share your essay on the peer edit page, please leave feedback for an essay that is posted. Editing other writing will help your writing.
7. After you receive feedback, you may make revisions to your essay and give yourself another grade. The grade will be out of 30 points.
8. You should list all of the grades (first, last and from the feedback) on your grading sheet.
9. You should count all of these grades unless you really think the feedback you got was unfair. This way your writing assignment is worth much more (100 points) instead of just 30. That means that in your final grade, your writing assignments will count more than the little homeworks and quizzes.

**STOP**

Time for a report card and portfolio/records updating.

Portfolio/records: In your portfolio you should include one of your writing assignments from this quarter. You can also take a screen shot of one of the vocabulary quizzes. You can choose a page from the Grammar Land worksheets. Save one of your grammar assignments and one of your short story assignments (maybe for *The Necklace*). You could save any other assignment that's different—like the irony assignment. Choose things that's neat and well kept. NOTE! If you are turning your portfolio into the school district, keep a separate records binder for yourself at home. Include the best writing assignment and maybe one other assignment that you think highlights the course or your child. This is for your high school college records. You will hold

onto these records until your child is in college! You don't want to save too much, but you want to have enough, just in case.

You can also save things from your Spanish course. Take a screenshot. You can print out a pdf of your powerpoint if you made one.

Report Card: In public school you get your grade for your class every quarter of the school year. That's about now. This isn't your final grade for your course. It just lets you know how you are doing. This is how you find your grade: add up all the grades you have been recordings. Add up the top numbers (your scores) and write that number down. DON'T count the scores you put an X by. Those scores are NOT to be counted in your grade. Add up the bottom numbers (the total possible points) and write that number down. (You won't add in the total points number for the Xed out scores either.)

Divide those numbers. your score divided by total possible Move the decimal point over two places to the right. In the next box over, write the number in front of the decimal (something between 1 and 100). This is your percent grade. In the next box over write your letter grade. Anything starting with a 9 is an A. Anything starting with a 8 is a B. Anything starting with a 7 is a C and so forth. If you have everything perfect, then your grade is 100. That's an A too.

Your goal is to get an A for the course at the end of the year. Go back and look at where you lost points. What can you do to avoid losing those points in the next quarter?

Draw a line across your grade report, or maybe print out a new sheet and start fresh for the new quarter.

### Math

Foreign Language / Spanish 1

Vocabulary

- You may take a retest for one of your last three vocabulary quizzes — unit 7, unit 8, unit 9.
- If you scored higher this time, you may change your grade for that quiz.
- If you got them all right the first time, DAY OFF, no vocabulary for you today.

Reading

- Read a summary of your next book, *Pilgrim's Progress*.
- Read about the author.

## Day 61

### Math

[Foreign Language](#) / [Spanish 1](#)

#### Vocabulary

1. Listen to the first three minutes. Label this section as Unit 10. Take notes; write down the words and meanings.
2. Check your spellings. Check your definitions, if you need to, by clicking on the individual word.

#### Reading

1. Read about the book.
2. Read a character list.
3. What do you notice about the character names? The characters represent the names they are given. This book is an **allegory**. The whole book is a metaphor. It has a meaning beyond the setting, characters and plot. Each part of the story means something more than what's before your eyes. There is a man named Christian. He is going on a journey. But the allegory, or metaphor, is that he represents someone who recognizes his sin and need for saving and seek's God and salvation through Jesus Christ.

#### Vocabulary

1. Listen to the second three minutes. Take notes; write down the words and meanings.
2. Check your spellings. Check your definitions, if you need to, by clicking on the individual word.

#### Reading

1. Read the summary and analysis of section 1.
2. Here is a map of the book's setting.

#### Writing

1. Work on your newspaper. All of your articles should be written.

#### Computer

1. Now real income and expenses would be money, right?

2. Click on the letter of the income column. It should highlight the whole column. Maybe you see a section called number or cell format. Maybe you see a dollar sign or the word "General." If you see General, click on that drop down menu. Choose currency. Otherwise, look for a way to add a dollar sign (or something else) and two decimal points.
3. Change the other column as well.
4. Is your page looking better? Anything else need changing? Add a dollar sign to your net worth as well.

## STOP

Time for a report card and portfolio/records updating.

Portfolio/records: In your portfolio you should include one of your Shakespeare writing assignments from this quarter. You can also take a screen shot of one of the vocabulary activities. NOTE! If you are turning your portfolio into the school district, keep a separate records binder for yourself at home. Include the best writing assignment and maybe one other assignment that you think highlights the course or your child. This is for your high school college records. You will hold onto these records until your child is in college! You don't want to save too much, but you want to have enough, just in case. You'll want to save something from each course you are taking.

Report Card: Time for a quarterly grade to check on how you are doing. Do you remember how it goes? Add up all the grades FROM THIS QUARTER. Add up the top numbers (your scores) and write that number down. Add up the bottom numbers (the total possible points) and write that number down.

Divide those numbers. your score divided by total possible. Move the decimal point over two places to the right. In the next box over, write the number in front of the decimal (something between 1 and 100). This is your percent grade. In the next box over write your letter grade.

Anything starting with a 9 is an A. Anything starting with a 8 is a B. Anything starting with a 7 is a C and so forth. If you have everything perfect, then your grade is 100. That's an A too.

Your goal is to get an A for the course at the end of the year. Go back and look at where you lost points. What can you do to avoid losing those points in the next quarter?

Draw a line across your grade report, or print out a new sheet and start fresh for the new quarter. Don't lose your first quarter grades! You will need them.

2. Are you studying for your quiz each week? Make sure you know your words.

#### Reading

1. Take the Pilgrim's Progress [quiz](#).
2. Record your grade.
3. We're also going to start a new book. We learned early this year that the poet, Poe, influenced the beginnings of science fiction as a genre (type of writing). We're going to read a novel by a famous science fiction author, Jules Verne. The mood of the book is mysterious and dark, just like Poe's writing. Like *Treasure Island* (7th level) you'll find a commander who can be kind and evil. (Just because a man is capable of *some* good doesn't make him "good." Only Christ's life in someone can make someone good. These characters reveal their true nature when greed comes into play.)
4. Read a [summary of the book](#).

## STOP

Time for a report card and portfolio/records updating.

Portfolio/records: In your portfolio you should include two of your writing assignments from this quarter. One can be short one; one can be one of your bigger projects. You can also include screen shots. NOTE! If you are turning your portfolio into the school district, keep a separate records binder for yourself at home. Include the best writing assignment and maybe one other assignment that you think highlights the course or your child. This is for your high school college records. You will hold onto these records until your child is in college! You don't want to save too much, but you want to have enough, just in case.

Report Card: Time for a quarterly grade to check on how you are doing. Do you remember how it goes? Add up all the grades FROM THIS QUARTER. Add up the top numbers (your scores) and write that number down. Add up the bottom numbers (the total possible points) and write that number down.

Divide those numbers. your score divided by total possible. Move the decimal point over two places to the right. In the next box over, write the number in front of the decimal (something between 1 and 100). This is your percent grade. In the next box over write your letter grade. Anything starting with a 9 is an A. Anything starting with a 8 is a B. Anything starting with a 7 is a C and so forth. If you have everything perfect, then your grade is 100. That's an A too.

Your goal is to get an A for the course at the end of the year. Go back and look at where you lost points. What can you do to avoid losing those points in the next quarter?

Draw a line across your grade report, or maybe print out a new sheet and start fresh for the new quarter.

Vocabulary/Spelling

1. Play hangman.

Reading

1. The next section is on Edgar Allen Poe again. Remember him? Dark and creepy? I'm not a fan, so the good news is you don't have to read the next two poems. However, the one has a neat site to help you practice a few literary devices: alliteration, assonance and internal rhyme. Flip through the beginning of the poem, *The Raven*, until you feel like you know what each is and that you can find each type within the poem.
2. Go to pages 13 and 14 of the poem and write down what you can find of these three types of literary devices.
  - o 1 point for each one you find up to 10 points
  - o Out of 10 points (potential for extra credit)
  - o (My answers to check yours AFTER YOU ARE ALL FINISHED: 13: alliteration — foul fiery, lamp light, velvet violet; rhyme — guessing/expressing, divining/reclining/lining; 14: alliteration — swung Seraphim, foot falls, lost Lenore; assonance — memories of Lenore; rhyme — denser/censer, lent/sent)
3. Now read the poem on page 5, *To Helen*.
4. Fill out the poetic devices worksheet. (Poetic Devices Handout)

Math

Vocabulary

1. Read through your vocabulary notes for units 7 and 8 and 9.

#### Reading

1. Take the quiz. Can you do it?
2. Choose one question to answer. Develop the answer as a complete paragraph. It should have examples from the book (doesn't have to be quoted). It should have at least 8 sentences.
  - o 1 point for introduction
  - o 1 point for conclusion
  - o 2 points for at least eight sentences
  - o 5 points for using specific examples from the play
  - o 1 point for being well written and well organized
  - o Total 10 points

#### Day 162

[Foreign Language](#) / [Spanish 1](#)

[Math](#)

Vocabulary/Spelling

1. Do the word search.

#### Reading

1. Read this short, one act play, We're Not Ready. This was written by someone I know. I want to give you an example of a short play because you are going to be writing one. I don't expect Shakespeare. You are certainly able to write something like this play, though.
2. Occasionally, plays break the "fourth wall." This play includes the audience. Think of the opening scene in *The Importance of Being Earnest*. It was in someone's home. They act as if they are inside with walls all around them. The "fourth wall" is the invisible wall between the actors and the audience. This play reaches out through the wall. A famous play that does that is "By The Skin of Their Teeth."
3. If you like, watch *The Importance of Being Earnest*. You can just watch this segment or watch the whole thing. The link to the next part will be in the top corner at the end of this section.

[Math](#)

## Vocabulary/Spelling

1. Play hangman.

## Writing

1. Now we are going to learn about writing plays.
2. First, the terminology.
3. Then, the format. You will also add a page with a list of characters after your title page. You will list the name and a short description telling us who it is.
4. Finally, the story.
5. What's different about writing a play?
6. Think about what your play is going to be about. You need characters, setting and the basic plot (the crisis and the outcome or resolution).

[Foreign Language](#) / [Spanish 1](#)

## Math

## Vocabulary

1. Do the crossword puzzle.

## Writing

1. Just for fun quiz to refresh your memory of theater terms.
2. Write out descriptions of your main characters, even draw pictures. The more detailed the description of who they really are the better your story will be and the easier to know what that character would say and do.
3. Write a description of your settings, even draw pictures. In a play they can't move around as much as in a novel. Each scene has to take place in one place. The scenes can change though.
4. The more detail the better.
5. Can you write your plot in one sentence? Do you know where you begin? what happens to set things off? and how it will resolve?

## Writing

1. You have until Day 179 to write your play. Here is the [rubric](#) you will be graded on. You do NOT need to have an Act II, but you *could* have an Act II.
2. Try and write for at least a half an hour a day. Don't forget that you need time to edit.
3. Read your play out loud from time to time by yourself or, even better, with others to see how it sounds.
4. Read this [guide](#) to help you get started.

## Math

### Writing

1. Use the rubric to give yourself a grade. (You do not need an Act II. You can grade on whether the problem gets worse before it gets better.) Notice that the plot is worth 8 points. Then it says 2 points by "good." There are four things listed under plot. You score each one separately: 2, 1, or 0.
2. There are 52 points.
3. You will score the **total out of 50 points**.
4. Have someone else grade your play as well.
5. Record your score out of 100.
6. Send me your play if you would like to include it in The Hall of Fame on the site. [allinonehomeschool at gmail dot com](mailto:allinonehomeschool@gmail.com)
7. Do a reading of your play (in front of an audience) or gather your family and give everyone a copy and have everyone read a role.

## Final Grade

Time for a report card and portfolio/records updating.

Portfolio/records: In your portfolio you should include a writing assignment and one of your poetic devices worksheets. You can also include your play. You can also include screen shots. NOTE! If you are turning your portfolio into the school district, keep a separate records binder for yourself at home. Include the best writing assignment and maybe one other assignment that you think highlights the course or your child. This is for your high school college records. You

will hold onto these records until your child is in college! You don't want to save too much, but you want to have enough, just in case.

Report Card: Time for a quarterly grade to check on how you are doing. Do you remember how it goes? Add up all the grades FROM THIS QUARTER. Add up the top numbers (your scores) and write that number down. Add up the bottom numbers (the total possible points) and write that number down.

Add a new line on your grading sheet. At the beginning of the line write, "FOURTH QUARTER GRADE." Next to it somewhere in another block write your two totals (your total score/total possible).

Divide those numbers. your score divided by total possible. Move the decimal point over two places to the right. In the next box over, write the number in front of the decimal (something between 1 and 100). This is your percent grade. In the next box over write your letter grade. Anything starting with a 9 is an A. Anything starting with a 8 is a B. Anything starting with a 7 is a C and so forth. If you have everything perfect, then your grade is 100. That's an A too.

Now for your **FINAL GRADE**: Add up the "your score" portion of your grade from each quarter. Add up the "total score" portion of your grade from each quarter. Divide as above and find your numeric and letter grade.

RECORD it all. Save, print, store for your records.

Parents: It's time to place this on your transcript. The course is called 9th Grade Literature and Composition. You have the grade. The course description and reading list are at the top of the page. Keep a collection of course descriptions. They don't go on your transcript, but you may provide them for colleges. Here are [samples](#) of transcripts and course descriptions. The author these chooses to include reading and completion of daily work in her grade. You can choose to do that as well.
