

Multiplication & Counting Money

A. Let's practice multiplying by 0 and 1.

$$8 \times 0 = \underline{0}$$

$$1 \times 6 = \underline{6}$$

$$0 \times 9 = \underline{0}$$

$$7 \times 1 = \underline{7}$$

$$3 \times 0 = \underline{0}$$

$$1 \times 5 = \underline{5}$$

B. For each multiplication, fill in the blanks.

$$2 \times 4 = \quad ** \quad ** \quad ** \quad ** \quad = \underline{4 \times 2} = \underline{8}$$

$$5 \times 3 = \quad ***** \quad ***** \quad ***** \quad = \underline{3 \times 5} = \underline{15}$$

$$3 \times 4 = \quad *** \quad *** \quad *** \quad *** \quad = \underline{4 \times 3} = \underline{12}$$

$$8 \times 2 = \quad ***** \quad ***** \quad = \underline{2 \times 8} = \underline{16}$$

C. Draw lines to match the same amounts.

7 nickels + 7 pennies ●	●	\$0.26
2 dimes + 6 pennies ●	●	\$0.85
3 quarters + 1 dime ●	●	\$0.42
4 dimes + 6 nickels ●	●	\$0.70

Hand-drawn lines connect the items as follows:
 - 7 nickels + 7 pennies to \$0.42
 - 2 dimes + 6 pennies to \$0.70
 - 3 quarters + 1 dime to \$0.26
 - 4 dimes + 6 nickels to \$0.85
